

Quick Start guide to Zoom for new users using email.

You don't need any fancy equipment to use Zoom, just a phone, tablet or computer that connects to the internet.

Before joining a Zoom meeting on a computer or mobile device, you can download the Zoom app from <https://zoom.us/download> - just scroll down the page until you find the relevant link (eg iOS, android, windows, mac)

Otherwise, you will be prompted to download and install Zoom when you click a join link.

Each meeting has a unique 9, 10, or 11-digit number called a [meeting ID](#) that will be required to join a Zoom meeting

Click the join link in your email or calendar invitation.
