SLA information- telephone numbers etc

Contact	Glenn Robson Director of Outreach Services Behaviour Support Service 0191 5614780
New Diagnosis	n/a
Referrals	Referrals have naturally slowed due to Covid 19 and not being able to access schools - where they have come in we have picked them up and offered outreach whether this be parenting support or direct into school or remote advice.
EHCP	We have supported SEN panel since Lockdown and completed reports where requested to by schools and SEN.
Support for pupils accessing education	All pupils who have returned have been offered outreach since June 1st. Some schools have taken up while others are not allowing us in. All parents who have consented to weekly telephone calls since Lockdown in March have been given weekly contacts. Loads of resources for schools and parent carers have been made available on our website with a specific parent carer area. https://www.linkschool.org.uk/services-to-schools/learning-ideas/
